Subject: ATF 3rd Year Re-Accreditation Certificate

Dear Mike Kaczinski:

Congratulations on the successful re-accreditation of your welder test facility!

The Auditor's Audit report, the Quality Assurance Manual and checklists have been reviewed and your facility has been approved for another 3 years of re-accreditation.

Please note the expiration date is ***December 1, 2024***.

On a yearly basis, you will receive a renewal notice and application as required by the QC4 Standard. If successful, you will receive another certificate with the same ATF number but with a new expiration date.

On the third year of continuous certification, you will receive a notice, application and the checklists for the re-accreditation process.

If you have any comments or questions, please feel free to contact us at accreditation@aws.org.

Again, thank you for your support of AWS welder certification programs.

Best regards,

Jessenia Martinez
