Graduation and transfer-out rates are based on three years of attendance that equates to 150% of our longest program. The rates do not include students who left SCC to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded. Race/ethnicity is not presented due to the insufficient number of cases within categories.

Placement

SCC collects a limited amount of information concerning student placement rates. That information is provided, by program, [here](#). Please also see the "Career and Placement Services" information located in the "General Institutional Information" section of consumer information.
