

Your home away from home

Who says you have to move away for a great college experience?

New in 2016, the four-story Blackhawk Tower features modern residence hall living that's just steps away from class. Add that to our new academic buildings, renovated library and student spaces, the West Burlington campus is a great place to call home.

Get involved, have fun

Campus is always abuzz with student activities. Get involved to make new friends with students just like you.

You got skills?

Show us what you got. Check out our golf, sports shooting and competitive cheerleading programs.

Modern Facilities for Modern Learning

Student Commons

The ground floor of Blackhawk Tower will be the hub of West Burlington residence life. Hang out with friends, study, play some games or grab a bite to eat. The Commons is the place to be.

Living spaces include kitchenettes, loftable beds, dressers, desks, and couches. Free cable & wifi are included too. Coin-operated laundry is located on the ground floor.

Just across the street from campus, students can get a membership to GRMC's **Athletic & Performance Center**. Featuring strength training and exercise machines, a 3-story rock climbing wall and assorted fitness classes, it's a great place to stay active between classes.

Athletic & Performance Center

You gotta eat, right?
The **Blackhawk Cafe** offers a great meal plan with buffet-style meals and features a salad bar, pasta bar and a variety of hot entrees.
