Between the Stacks

“When in doubt, go to the library.” -- J.K. Rowling, *Harry Potter and the Chamber of Secrets*

The library is more than just a place for books—it’s your resource hub for research, studying, collaboration, and personal growth. Do you prefer a quiet corner or a group study room? We offer a variety of spaces to help you focus and get your work done. Need journal articles, books, or digital resources? We’ve got you covered! Come to the library and learn how to access our academic databases, eBooks, streaming videos, and more to help you tackle your assignments. Having trouble finding the information you need? Our librarians are here to help you with research, citations, and finding credible sources. Don’t hesitate to ask for guidance—getting started can be the hardest part, but we’re here to make it easier! Make the library your go-to space for your academic success. We’re excited to be part of your college experience and can’t wait to help you achieve your goals. Let’s make this semester your best one yet!

Plagiarism—using someone else’s work or ideas without giving credit—is a serious academic offense that can result in penalties ranging from a failing grade to expulsion. Citing your sources not only ensures academic integrity but also strengthens your work by showing you’ve engaged with credible research. Proper citations allow your readers to trace your sources and verify information, making your arguments more trustworthy and well-supported.

To avoid plagiarism, always keep track of the sources you use, paraphrase ideas in your own words, and use quotation marks for direct quotes. A great tool for generating citations is Purdue OWL (<https://owl.purdue.edu>), which provides guidance on MLA, APA, and other citation styles. If you’re unsure how to cite something, your college librarian can also help—just ask!

With the rise of AI tools for writing and research, it’s important to use them responsibly. While AI can help generate ideas, summarize sources, or assist with writing, it should not replace critical thinking and original analysis. If you use AI-generated content in your work, you must cite it appropriately. Citation styles such as APA and MLA have guidelines for referencing AI tools like ChatGPT. For example, in MLA format, a citation might look like this: OpenAI. “ChatGPT.” ChatGPT, 11 Mar. 2023, <https://openai.com>. Always check with your instructor for guidance on AI usage and citation best practices.

A Beauty

Angelwolf Perez, *Di Dante Secretary*

A beauty you stare and steal a glare
These aren't yours
But you stare
Taking in what you may dare
Every freckle or beauty mark that lays there
He or she -- this is shared.
You stare in wonder --

What
is
it?

Maybe the way one's lips curl
into a kind smile
or the stranger's eyes sparkle, linger awhile
Handsome and lovely
This beauty is unearthly

It is beautiful to be kind
Stare all you want

But know most of all you are beautiful

Even on the days you want to shout
The **most kindness** needs to be done
To yourself in and out

Eyes wonder, thoughts pass, whispers
are spoken

Maybe the room feels small
Worries may plague the air
This may not always be fair

But every time someone will be there

THESE DESIGNS NOW

20 Ways to Block Mobile Attacks

Don't let your guard down just because you're on a mobile device. Be just as careful as you would on a desktop!

WiFi

- Don't allow your device to auto-join unfamiliar networks.
- Always turn off WiFi when you aren't using it or don't need it.
- Never send sensitive information over WiFi unless you're absolutely sure it's a secure network.

Apps

- Only use apps available in your device's official store - NEVER download from a browser.
- Be wary of apps from unknown developers or those with limited/bad reviews.
- Keep them updated to ensure they have the latest security.
- If they're no longer supported by your store, just delete!
- Don't grant administrator, or excessive privileges to apps unless you truly trust them.

Browser

- Watch out for ads, giveaways and contests that seem too good to be true. Often these lead to phishing sites that appear to be legit.
- Pay close attention to URLs. These are harder to verify on mobile screens but it's worth the effort.
- Never save your login information when you're using a web browser.

Bluetooth

- Disable automatic Bluetooth pairing.
- Always turn it off when you don't need it.

Smishing (phishing via SMS)

- Don't trust messages that attempt to get you to reveal any personal information
- Beware of similar tactics in platforms like What's App, Facebook Messenger Instagram, etc.
- Treat messages the same way you would treat email, always think before you click!

Vishing (voice phishing)

- Do not respond to telephone or email requests for personal financial information. If you are concerned, call the financial institution directly, using the phone number that appears on the back of your credit card or on your monthly statement.
- Never click on a link in an unsolicited commercial email.
- Speak only with live people when providing account information, and **only** when you initiate the call.
- Install software that can tell you whether you are on a secure or fake website.

You may not know where I am, but students do.

I sit quietly across from the Welcome Center and I provide free food to students in need. Whether it's for a box of mac-n-cheese, a full meal, or just a quick granola bar between classes, I get LOTS of visitors every week. If you've got anything you'd like to leave, I'll gladly accept it. Bring your items or cash (she will be glad to go shopping) to the Welcome Center so we can keep it filled for those who need it.

Thanks for your help.

SCC's Strategic Plan

SCC's Strategic Plan is the foundation for all facilities, budget, and instructional planning underway at the college. The plan identifies four major goals.

Strategic Goal 1: Promote Student Success

Strategic Goal 2: Strengthen Human, Financial, and Facility Resources

Strategic Goal 3: Enhance Collaborative Partnerships

Strategic Goal 4: Practice Continuous Improvement

For each goal, the college has identified specific strategies and initiatives that it will work towards achieving through 2028.

For example, under Strategic Goal 1: Promote Student Success, the college aims to "enhance/encourage student engagement and personal development" by promoting "student communication."

SCC's complete Strategic Plan 2023-2028 is available on SCC's website:

Poetry Corner

The Emperor of Ice-Cream

I wander on the sunny lea,
Where yellow-birds sing liberty,
And briar-roses bless the air
With gracefulness and fragrance rare;
The sky is very blue to see,
A living blue so near to thee,
And clouds caress the meadow fair,
Trailing rapid shadows there.
O come and wander on the lea!
O wander in the sun with me!

Ay, thou art with me, gypsy lass,
Noiseless as the airs that pass;
Slender as the shadow things
The rose-vine on the meadow flings,
Graceful as the way grass;
And tender too, as tender as
The trembling of the she-bird's wings,
Whose golden little lover sings.
A happy song my wand'ring has,
For thou art with me, gypsy lass!
