20 Ways to Block Mobile Attacks

• Don't allow your device to auto-join unfamiliar networks.
• Always turn off WiFi when you aren't using it or don't need it.
• Never send sensitive information over WiFi unless you're absolutely sure it's a secure network.

Apps
• Only use apps available in your device's official store - NEVER download from a browser.
• Be wary of apps from unknown developers or those with limited/bad reviews.
• Keep them updated to ensure they have the latest security.
• If they're no longer supported by your store, just delete them.
• Don't grant administrator, or excessive privileges to apps unless you truly trust them.

Browser
• Watch out for ads, giveaways, and contests that seem too good to be true. Often these lead to phishing sites that appear to be legit.
• Pay close attention to URLs. These are harder to verify on mobile screens but it's worth the effort.
• Never save your login information when you're using a web browser.

Bluetooth
• Disable automatic Bluetooth pairing.
• Always turn it off when you don't need it.

Smishing (phishing via SMS)
• Don't trust messages that attempt to get you to reveal any personal information.
• Beware of similar tactics in platforms like What's App, Facebook Messenger, Instagram, etc.
• Treat messages the same way you would treat email, always think before you click.

Vishing (voice phishing)
• Do not respond to telephone or email requests for personal financial information. If you are concerned, call the financial institution directly, using the phone number that appears on the back of your credit card or on your monthly statement.
• Never click on a link in an unsolicited commercial email.
• Speak only with people when providing account information, and only when you initiate the call.
• Install software that can tell you whether you are on a secure or fake website.

Blackout Wednesday / November 22, 2023

This Thanksgiving, NHTSA and its partners are teaming up to keep you safe on the roads. A popular trend, Thanksgiving Eve, or “Blackout Wednesday,” highlights - and even encourages - the heavy consumption of alcohol on the Wednesday before Thanksgiving. NHTSA is working hard to get the message out that Buzzed Driving Is Drunk Driving.

Our goal is to assist our traffic safety advocate and to educate the public on the dangers and consequences of impaired driving.

On behalf of the NHTSA team, thanks for your proactive support in pedestrian safety.

SCC’s Strategic Plan

SCC’s Strategic Plan is the foundation for all facilities, budget, and instructional planning underway at the college. The plan identifies four major goals:

**Strategic Goal 1:** Promote Student Success

**Strategic Goal 2:** Strengthen Human, Financial, and Facility Resources

**Strategic Goal 3:** Enhance Collaborative Partnerships

**Strategic Goal 4:** Practice Continuous Improvement

For each goal, the college has identified specific strategies and initiatives that it will work towards achieving through 2028. For example, under Strategic Goal 1: Promote Student Success, the college aims to “enhance/encourage student engagement and personal development” by promoting “student communication.”

SCC’s complete Strategic Plan 2023-2028 is available on SCC’s website:

Poetry Corner

The Lifeline

Here is what I know: when that bell tolls again, I need to go and make something, anything: a poem, a pie, a terrible scarf with my terrible knitting, I need to write a letter, remind myself of any little lifeline around me.

When death sounds, I forget most of what I learnt before. I go below. I compare my echoes with other people’s happiness. I carve that hole in my own chest again, pull out all my organs once again, wonder if they’ll ever work again, stuff them back again. Begin. Again.
