20 Ways to Block Mobile Attacks

Don’t let your guard down just because you’re on a mobile device. Be just as careful as you would on a desktop!

- **WiFi**
  - Don’t allow your device to auto-join unfamiliar networks.
  - Always turn off WiFi when you aren’t using it or don’t need it.
  - Never send sensitive information over WiFi unless you’re absolutely sure it’s a secure network.

- **Apps**
  - Only use apps available in your device’s official store - NEVER download from a browser.
  - Be wary of apps from unknown developers or those with limited or bad reviews.
  - Keep them updated to ensure they have the latest security updates.
  - If they’re no longer supported by your store, just delete them.
  - Don’t grant administrator, or excessive privileges to apps unless you truly trust them.

- **Bluetooth**
  - Don’t allow automatic Bluetooth pairing.
  - Always turn it off when you don’t need it.

- **Smishing (phishing via SMS)**
  - Don’t trust messages that attempt to get you to reveal any personal information.
  - Beware of similar tactics on platforms like What’s App, Facebook Messenger, Instagram, etc.
  - Treat messages the same way you would treat email, always think before you click.

- **Vishing (voice phising)**
  - Do not respond to telephone or email requests for personal financial information. If you are concerned, call the financial institution directly using the phone number that appears on the back of your credit card or on your monthly statement.
  - Never click a link in an unsolicited commercial email.
  - Speak only with live people when providing account information, and only when you initiate the call.
  - Install software that can tell you whether you are on a secure or fake website.

JANUARY IS NATIONAL HUMAN TRAFFICKING AWARENESS MONTH IN THE U.S.

While the fight against human trafficking is a year-round battle, January’s National Human Trafficking Awareness Month is an important opportunity to join a national conversation about the issue and leverage the country-wide momentum that is gained on the topic during the month. Truckers Against Trafficking (TAT) has developed a menu of external and internal communications tools for our valued partners who are interested in becoming a part of the national conversation in January. Companies can elect to implement any combination of those ideas; TAT will work with you to customize and co-brand materials as needed.

1. **Host an Internal Learning Opportunity**
   - TAT has a menu of webinar offerings that we can provide your company, including general corporate training webinars or deeper dives into the nuances of human trafficking via our Connecting the Dots series. More on page 2.

2. **Cater Driver Feedback**
   - TAT is asking all of our TAT-trained partners to send a brief survey out to drivers to help us collect data about frontline workers’ experiences potentially seeing or reporting human trafficking. More on page 2.

3. **Share Resources and Training with All Employees**
   - TAT has a wealth of resources for continued learning, including short videos that provide additional information about human trafficking, as well as resources for parents, and how to fight demand. More on page 3.

4. **Launch a Social Media Campaign**
   - TAT will provide co-branded graphics and sample language for a public-facing social media campaign on the realities of trafficking and how the transportation industry (and your company) are combating it. More on page 3.

5. **Host an Employee Fundraiser**
   - Financial support is the fuel for our organization. Invite employees to donate to TAT during the month of January as one additional way they can support our mission. More on page 4.

6. **Promote the TAT App**
   - In January, TAT will launch a revamped app which provides info about trafficking and how to report it. TAT can provide graphics and sample language for encouraging your drivers to download the app. More on page 4.

If you know which options you’d like to implement this January, or you would like to talk through the menu of opportunities further, please reach out to your TAT contact or email info@truckersagainstrafficking.org. All requests for customized/co-branded materials must be received by Nov. 15.

If you feel like you have lost something this semester, swing by the Welcome Center! Chances are it was turned in there! There is a table you can collect your items from. If you don’t see it, ask the receptionist!

*You may be asked to identify certain items for the sake of integrity and security.
You may not know where I am, but students do.

I sit quietly across from the Welcome Center and I provide free food to students in need. Whether it’s for a box of mac-n-cheese, a full meal, or just a quick granola bar between classes, I get LOTS of visitors every week. If you’ve got anything you’d like to leave, I’ll gladly accept it. Bring your items or cash (she will be glad to go shopping) to the Welcome Center so we can keep it filled for those who need it.

Thanks for your help.

SCC’s Strategic Plan

SCC’s Strategic Plan is the foundation for all facilities, budget, and instructional planning underway at the college. The plan identifies four major goals:

- **Strategic Goal 1**: Promote Student Success
- **Strategic Goal 2**: Strengthen Human, Financial, and Facility Resources
- **Strategic Goal 3**: Enhance Collaborative Partnerships
- **Strategic Goal 4**: Practice Continuous Improvement

For each goal, the college has identified specific strategies and initiatives that it will work towards achieving through 2028. For example, under Strategic Goal 1: Promote Student Success, the college aims to “enhance/encourage student engagement and personal development” by promoting “student communication.”

SCC’s complete Strategic Plan 2023-2028 is available on SCC’s website:

What’s in My Journal

Odd things, like a button drawer. Mean things, fishhooks, barbs in your hand. But marbles too. A genius for being agreeable. Junkyard crucifixes, voluptuous discards. Space for knickknacks, and for Alaska. Evidence to hang me, or to beatify. Clues that lead nowhere, that never connected anyway. Deliberate obfuscation, the kind that takes genius. Chasms in character. Loud omissions. Mornings that yawn above a new grave. Pages you know exist but you can’t find them. Someone’s terribly inevitable life story, maybe mine.
