4.2 President’s Report

1) The Freedom of Speech/Expression policy - Worked with attorney clearing up questions/edits.

2) Recent article – There was a recent article about Columbus Junction schools and concurrent enrollment costs which raised some question. President Ash noted that we cannot charge students beyond what the state will pay.

3) Concurrent Enrollment – Working with Department of Education on the rules for private schools so that we can offer the courses. The Presidents have seen rough drafts of the rules and are reviewing them further.

4) Concurrent Enrollment – Developing a “white” paper on “talking points” to be used for clarification and addressing some inaccurate information that some are stating about the program.

5) SCC Profile – Booklet available and can also be viewed online.

6) 260e Training Program – Developed some talking points for clarification on training for new employees.

7) Tuition and Fees Fiscal Year 2020 – President Ash referred each Trustee to a copy of the current Tuition and Fees for Fiscal Year 2020. Trustee Prellwitz asked where SCC rates are in comparison to other Iowa Community Colleges. President Ash referred to the handout and noted that we had the lowest increase of all the community colleges. Our current tuition is in the middle compared to other community colleges.

8) Iowa’s Workforce Training Programs – President Ash noted that the Iowa Community College Presidents are working on developing a “white” paper on all the training programs in the state and how they do work together and areas in which there can be some improvements. Those documents will be coming to you all shortly.

9) Last Dollar Scholarship – Currently working with Iowa Student Aid Commission and a small work group. We have developed some suggested changes for improvements to the legislative elements along with some suggested changes by the Presidents for additional changes for improvements. These are being vetted with and by Director Townsend at IWD. Presently SCC has awarded around $225,000. Director Townsend has assured that the list of careers won’t change and we are free to recruit based on that list.

10) Fall Enrollment – Most CCs are down in enrollment this fall. There are a couple that are up but only very slightly. Each reported that there numbers are still coming in.

11) Director Beth Townsend – Director of Iowa Workforce Development met with the Presidents to work towards strengthening our relationship. Last Dollar Scholarship, Future Ready Iowa, and WIOA. It was a very good exchange and I believe that we will see a closer working relationship. She did say that we all need to get behind the WIOA program and make the changes required by the Department of Labor or we may run the risk of losing the over $13M in federal aid.
12) **Child Care** – The Governor is concerned about child care and we will most likely see some initiatives from her in this upcoming legislative session.

13) **Perkins** – Changes are occurring with this federal program and the state has given us a timeline of events over the next number of months of things that need to be accomplished so as to be in compliance with the federal Perkins V law.

14) **Transfer Majors** – This new effort to develop “majors” for students to focus their energies is working its way through the CCs and each transfer major will be brought to you for your approval.
